

## **Lancaster Intelligencer Journal/New Era** – November 21, 2011

Letter to the editor

On behalf of the Marine Corps League, Lancaster County Detachment 294 of Columbia, Pa., Toys for Tots, and the children and families who will receive these gifts, we would like to thank Mayor Leo Lutz and the town of Columbia for giving us the support that it took to make this very good cause a great success.

We would also like to say thank you to the Columbia Police Department for helping us with the traffic control.

Also, our thanks to Columbia Fire Station No. 1, Susquehanna Fire Company, Columbia Quick Response Service and all the fire police.

If not for the support of these organizations, we would not have had the fantastic success that we had.

It was a joy to see the families and children of Columbia standing along the ride route, clapping and waving in support of this cause.

Leo, as mayor of Columbia, you should be proud of your town, its residents and all the different organizations that participated in the Toys for Tots event.

We look forward to working with you and Columbia on future events.

**Bill Brinkman Jr.**, *Ride Coordinator Toys for Tots*
