

## Revisit policy

Your refusal to publish the announcement of a gay couple speaks volumes.

Could it be the Steinman family influence? Or is it the archaic Lancaster County right wing, conservative, backwoods, unwillingly to go with the "times" way of thinking?

I'm not gay. By the same token, I'm for equal rights.

Whether you agree or not, isn't the idea of a newspaper to print freedom of thought? Your refusal is the antithesis of what a newspaper is. Re-think your "policy." In other words, grow up.
