

In Remembrance of Benny

Honor Benny's life by making a donation to the Rottweiler Health Foundation.

The Foundation's mission is to fund research into genetic and acquired diseases that plague Rottweilers and other breeds. It is frustrating for a loved family member to suffer from a disease for which there is no cure. Your contribution to this medical research for canines will ensure that Benny will continue to help others as he has always done during his time here on earth.

Contributions are tax deductible.

Please write "Benny / Circle 2000 Registry" in the memo line of your check. OR
