**TUESDAY, APRIL 30, 2013**

**7:00 P.M.**

**COLUMBIA BOROUGH SCHOOL DISTRICT ADMINISTRATIVE BUILDING**

**5<sup>TH</sup> & CHESTNUT STREET**

Economic Development and Revitalization have been ongoing for several years. Many improvements have been made in the Downtown Business District, River Park, Rotary Park and Streets. Several other projects are underway for this year.

Now is the time to move on to our Neighborhoods and address problems that affect the Quality of Life in our town. Discussion is not limited to just our neighborhoods, but the Business District as well.

Special guests, Ray D'Agostino and Jim Shultz from Lancaster Housing Opportunity will be on hand to discuss programs that may benefit Columbia property owners, both rental properties and owner occupied properties.

It is our intention to have a discussion on what we as a Borough and School District are planning and what residents and business owners would like to see happen in our Borough and Schools.

Please come out and join us, we can make a difference if we work collectively together.
