I understand that all requests are subject to review by the Borough of Columbia Public Records Officer and/or Solicitor to assess applicability of the RIGHT TO KNOW LAW. I further understand that photocopies of records that are available may be subject to a cost of \$.25 per page or other costs authorized by the RIGHT TO KNOW LAW.

Date: 8/15/17

Signature: 

1 – All emails from your server and computers verified by your IT person (this will also be subpoenaed so it better match) that are associated with this dispute for 1020 Cloverton. This is to include any office personnel, Engineers, Board Members, Mayor and any other outside contractor. I know the right to know laws and emails are public record.

2 – Any phone records ie: phone calls and texts from April until current from the manager, road dept, highways director, Mayor, Board Members and Engineers.

3 – Name and contact information of the developer of 1020 Cloverton Drive.

4 – Financial Interest Forms for all board members, Mayor, and Manager.

5 – Any documents used by the Borough to determine and I quote “this is not an easy fix” (said by your solicitor on recording). If this has been determined then I want the documents used to make this decision because according to my 3 right to know request you have no information. So I can provide this to my attorney.

6 – Documentation from the State for liquid fuels money you receive for 1020 Cloverton Drive.

I will be appealing the street dedication and when the financial security and final engineers report on the basin. This is information you should have as part of records retention and I will be asking Harrisburg to look into your records retention information as you are obviously not following the rules and regulations.
