The latest trends of the industry are challenged with every Cirque Italia appearance and this 3rd unit is not going to be any different. A careful casting selection has united the best artists from all over the world. Cirque Italia believes in multi-culturalism as one of our strongest assets. Just a few of the circus arts you can expect to see in this new production include the jaw-dropping Wheel of Death, mystifying magic, a woman hanging high in the air – but only by her hair, 6 men on a horizontal pole (yes ladies, you read that correctly.....), the infamous cyr wheel, and the always sexy yet dangerous silks. Our new third unit also follows our strict animal-free policy.

The Italian entrepreneur Manuel Rebecchi, President and Owner of Cirque Italia, combined his vision with the flawless direction of the COO, Chanté DeMoustes, and has turned this once romantic project idea into a successful production known and acclaimed all over the country. Rebecchi wanted to create a show to cater to an adult audience where viewers could escape to another world. His desire to challenge and reinvent the concept of circus is a unique quality that audience members appreciate! Demoustes focused on this idea of reinvention when creating the new look for Paranormal Cirque. She says that "There are many hidden details, and when one experiences this show it will be unforgettable."

Paranormal Cirque is a crazy yet fun fusion between circus, theatre, and cabaret, all working in perfect harmony and resulting in the evolution of a show that takes you into a world of dreams..... or perhaps more accurately a world of nightmares and fantasies. Fear, amusement, and surprise are only a few of the ingredients from our potion we use to give you a mixture of emotions that will be impossible to forget. This is truly a Paranormal experience like no other.
